

COME RIDE WITH US

Our public rides are available from 11 AM to 3 PM (weather permitting) on the first weekend (Saturday & Sunday) of the months from March through September. Donations are appreciated to help cover operating expenses. We also have special train events during the year. Please join us.

Please check our on line calendar for current dates and times of events at www.svlsrcm.org

Spring and Fall Meet:

Members and visiting engineers bring their engines and trains to ride our rails. This event allows us to show our hobby to the public and exchange information and ideas for the building of engines and road equipment used in our hobby.

Fourth of July:

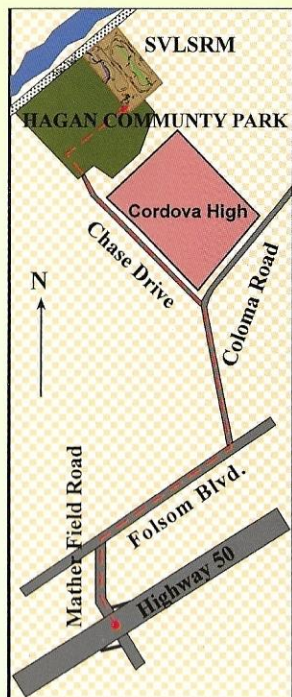

Special celebration and train rides.

Pumpkin Patch:

First weekend in October

Santa Train:

First two weekends in December. Ride our train, visit Santa and have a picture taken with Santa and his train.

From Hwy 50, exit Mather Field Road

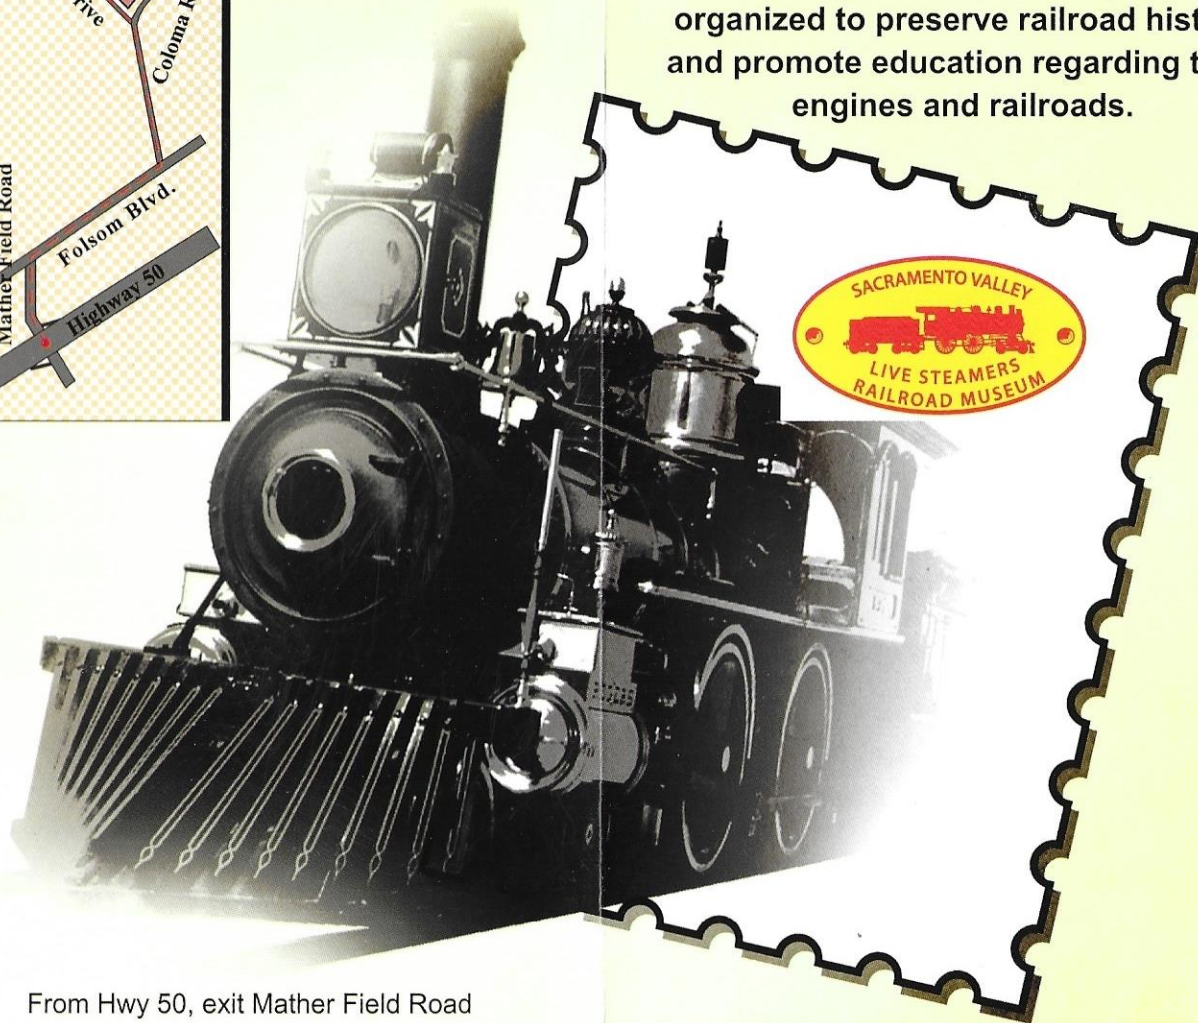

Go to Folsom Blvd, turn right and then left on Coloma

Turn left on Chase Drive (at the corner of Cordova High) Chase Drive goes into Hagan Park .

Follow signs to the end past the animal barn.

ALL ABOARD!

Sacramento Valley Live Steamers Railroad Museum (SVLSRM) is a nonprofit public benefit corporation, organized to preserve railroad history and promote education regarding train engines and railroads.

ABOUT US

We are dedicated to the preservation of the romantic age of the steam engine through the medium of building and operating live steam scale model engines and equipment. We operate miniature trains, and offer rides to the public in Hagan Community Park, located in Rancho Cordova. Adults and children are invited to visit the railroad and learn about locomotives.

SVLSRM accomplishes this by exhibiting various types of steam engines in live operation, museum displays and books, and other educational programs. We provide public benefit and enhancement to the surrounding community by participating in city and park events.

The SVLSRM began construction of its railroad in 1972, completing the original 1,700 ft. loop in May of 1973. Today the railroad track has grown to over 6,800 ft. It is a 1/8th scale railroad facility that accurately represents the many interesting aspects of full size railroading. The hobby encompasses the many sizes of locomotive and equipment. It promotes education, and provides an operational environment for railroading.

Our facilities are open for all to enjoy and everyone is encouraged to experience the magic of the railroad.

" We've done public rides and two birthday parties. It's the most fun. My family looks forward to the special events, especially the Santa Train. The volunteers make it very special for everyone." AJ

PARTIES AND EVENTS

Private parties such as birthdays, school and corporate outings or other special events may be booked at our facilities, where you can ride our trains and enjoy our scenic landscape near the American River. We can provide educational talks about railroads and equipment as well.

Our members are happy to volunteer their time to provide train rides for these events, but we do require you to pay for facility and equipment usage.

We provide the train, the personnel, a covered area with picnic tables and rest rooms. Decorations, food and other party supplies are not provided by SVLSRM.

Parties are normally reserved for 2 hours, using the diesel or steam locomotive. If more than 50 people it is recommended to reserve an extra train.

The party group can setup a half-hour before the party for decorations, food and drinks. You are asked to clean up afterwards. Usually the last train is a good time to clean up.

Train rides are 10-15 minutes. Parties can expect about 4 rides with time in between for activities.

CONTACT US

To plan and schedule an event please call 916-572-7857
